As Others See Us

"Parents and pupils past and present bang on about the focus on the individual. There's no frenzied hothousing or stereotyping. Instead, the focus is on everyone achieving their potential. Things are really taking off in the sixth form, with enviably small A-level classes, admirable results and a fantastic in-school mentoring programme. The future is looking very rosy."

Above: Scholars and mentors Holly Hough and Louise Davies.

Left: Lyttelton Music Prizewinner Robert Storey.

Right: Golden boy Tom Moore, golden girl Lauren Hepburn, in 'Vampire'.
